Applicants wish it to be known that the recitation of the above-mentioned references should not be deemed an admission that any of the references qualifies as prior art. It is Applicants' desire, however, to have these references available in the record for both the Examiner and the public to see. Applicants therefore request that the Examiner review the entire disclosure of the above-mentioned references and make them of record. Applicants

also invite the Examiner to review the cited Accenture patent application and the art cited therein.

Respectfully submitted,
